### § 52.1679 EPA-approved New York State regulations.

New York State regulation	State effective date	Latest EPA approval date	Comments
Title 6: Part 200, General Provisions Sections 200.1, 200.6, 200.7 and 200.9.	2/25/00	5/22/01 66 FR 28062 .....	Redesignation of non-attainment areas to attainment areas (200.1(av)) does not relieve a source from compliance with previously applicable requirements as per letter of Nov. 13, 1981 from H. Hovey, NYSDEC. Changes in definitions are acceptable to EPA unless a previously approved definition is necessary for implementation of an existing SIP regulation. EPA is including the definition of “federally enforceable” with the understanding that (1) the definition applies to provisions of a Title V permit that are correctly identified as federally enforceable, and (2) a source accepts operating limits and conditions to lower its potential to emit to become a minor source, not to “avoid” applicable requirements. EPA is approving incorporation by reference of those documents that are not already federally enforceable.

Part 205, Architectural Surface Coatings .....	9/15/88	8/4/94, 59 FR 39686 .....	Until EPA approves State adopted coating test method, EPA will use 40 CFR part 60, App. B, Method 24.
